Art Unit: 1614

Claims 1-4, 9, 11-25, 28 and 30-34 are presented for examination.

The amendments and remarks filed on October 12, 2004 have been received and entered.

Claims 1-4, 9, 11-25, 28 and 30-34 are rejected under 35 U.S.C. under 35 U.S.C. 112 first paragraph for the reasons set forth on page 2 of the office action of August 19, 2003.

Applicant's arguments and remarks have been carefully considered, but are not deemed to be persuasive concerning the claimed molecular weights. The instant specification discloses some of the molecular weights within the scope of what is claimed. However, there is no evidence that applicant had the possession of all the molecular weights and the mixture thereof.

Applicant in his arguments refers to Allergan as being the assignee of the instant application. Applicant also discusses the commercial launch of the Refresh Liquigel product less than one year prior to the filing date of instant application. Applicant is requested to provide documents to support the above remarks.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any

Art Unit: 1614

extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
